Furthermore, the Bank proposes that the amount to be paid to each Director be determined by the Board of Directors.

Proposal No. 5: Determination of Amount and Details of Stock Compensation, etc. for Directors, etc.**1. Reasons for the Proposal and Reasons for the appropriateness of the Compensation**

Compensation for Directors (excluding Outside Directors and non-residents of Japan; hereinafter the same applies in this Proposal) of the Bank consists of “basic compensation”, “bonuses,” and “stock options”. In this Proposal, the Bank proposes the introduction of a new stock compensation scheme (the “Plan”) for Directors and Executive Officers of the Bank (“Directors, etc.”), to replace “stock options” within the aforementioned compensation structure.

The objective of the introduction of the Plan is to further clarify the link between the compensation of Directors, etc. and the business performance of the Bank, and increase motivation to contribute to improving corporate value over the medium- to long-term, and therefore the Bank believes its introduction is appropriate.

In this Proposal, the Bank proposes the payment of stock compensation to Directors, etc. separately to the maximum amount of compensation for Directors (within 132 million yen; however, this does not

include the portion of salary as an employee for Directors concurrently serving as employees) approved at the 79th Annual General Meeting of Shareholders held on June 18, 2010.

Furthermore, if Proposal 2 “Election of Ten (10) Directors” is approved and passed as originally proposed, there will be seven (7) Directors eligible for the Plan.

In addition, as described above, Executive Officers are also eligible for the Plan (at present there are four (4) Executive Officers not concurrently serving as Directors who will be eligible for the Plan), and the compensation to be paid based on the Plan includes compensation to be paid to Executive Officers. In this Proposal, the Bank proposes an amount and content as compensation, etc. for Directors, etc. in regard to compensation based on the Plan, taking into consideration the possibility that these Executive Officers may be newly appointed as Directors during the Target Period of the Trust as defined in the below item 2. (2).

2. Amount and Details, etc. of Compensation, etc. under the Plan

(1) Overview of the Plan

The Plan is a stock compensation plan whereby shares of the Bank will be acquired through a trust using an amount of compensation for Directors, etc. contributed by the Bank, and shares of the Bank and cash equivalent to the conversion value of shares of the Bank (the “Bank Shares, etc.”) will be delivered and paid (“delivered, etc.”) to Directors, etc. (See item (2) below and further for details.)

1) Persons eligible for delivery, etc. of Bank Shares, etc. under the Plan	<ul style="list-style-type: none"> - Directors of the Bank (excluding Outside Directors and non-residents of Japan) - Executive Officers of the Bank
2) Impact of the shares of the Bank covered by the Plan on the total number of shares outstanding	
Maximum amount of cash to be contributed by the Bank (as described in item (2) below)	- 350 million yen, for three (3) fiscal years
Method of acquisition of the shares of the Bank (as described in item (2) below) and the maximum number of the Bank Shares, etc. to be delivered, etc. to Directors, etc. (as described in item (3) below)	<ul style="list-style-type: none"> - The maximum total number of points to be granted to Directors, etc. in a single fiscal year will be 27,300 points, and the maximum total number of the Bank Shares, etc. to be acquired by the trust for delivery, etc. to Directors, etc. for three (3) fiscal years will be 81,900 shares. - The ratio of the number of shares equivalent to the maximum total number of points to be granted to Directors, etc. in a single fiscal year to the total number of shares outstanding of the Bank (as of March 31, 2018; after deducting treasury shares) will be approximately 0.11%. - Shares of the Bank will be acquired from the Bank (disposal of treasury shares) or the stock market.

(2) Maximum Amount of Cash to be contributed by the Bank

The Plan will cover three (3) consecutive fiscal years (the initial period will be from the fiscal year ending March 31, 2019 to the fiscal year ending March 31, 2021, and if the trust period is extended as described below, for a period of three (3) subsequent fiscal years each time) (the period covered by the Plan is hereinafter referred to as the “Target Period”).

The Bank will contribute cash up to a maximum of 350 million yen for each Target Period as compensation for Directors, etc., and will establish a trust (the “Trust”), with a trust period of three (3) years, with Directors, etc. who satisfy the beneficiary requirements as the beneficiaries.

In accordance with the directions of the trust administrator, the Trust will acquire shares of the Bank using the money entrusted as funds from the Bank (disposal of treasury shares) or the stock market.

Furthermore, at the expiration of the trust period of the Trust, the Trust may be continued by making modifications to the trust agreement and additional entrustments. In this case, the trust period of the Trust will be extended for a length of time equivalent to the initial trust period, and thus the Target Period will be the subsequent three (3) fiscal years, including the fiscal year when the trust period is extended. The Bank will, for each extended trust period, contribute additional cash within the limit of 350 million yen, and continue to award points to Directors, etc. and the Trust will make Delivery, etc. of the Bank Shares, etc. to Directors, etc. during the extended trust period. However, when additional contributions are made in this way, if there are shares of the Bank (excluding shares of the Bank corresponding to points granted to Directors, etc. that have not yet been delivered) and cash remaining ("Residual Shares, etc.") within the trust assets as of the final day of the trust period prior to extension, the sum of the amount of the Residual Shares, etc. and the trust money to be additionally contributed shall be within the limit of 350 million yen. These extensions of the trust period shall not be limited to one time, and the Trust may be subsequently continued again in the same manner. If the trust agreement is not modified and additional entrustments are not made at the expiration of the trust period, there shall be no subsequent determination of points to be granted to Directors, etc. However, if there are Directors, etc. in office who may satisfy the beneficiary requirements at this time, the Bank may extend the trust period of the Trust by a maximum of up to ten (10) years, until these Directors, etc. resign or retire and the delivery, etc. of the Bank Shares, etc. is completed.

(3) Method of Calculating the Number of Shares of the Bank to be delivered, etc. to Directors, etc. and the Maximum Number thereof

During the trust period, at a prescribed time every year, points shall be granted to Directors, etc. in accordance with their position and the level of achievement of business performance targets* in the fiscal year ending on March 31 of the same year (the first time shall be for the fiscal year ending on March 31, 2019). The Bank Shares, etc. shall be delivered, etc. in accordance with the accumulated number of points (the "Accumulated Number of Points") granted when the Director, etc. resigns or retires.

One (1) point shall equal one (1) share of the Bank. However, if circumstances arise during the trust period whereby it is recognized that it is fair to adjust the points, such as a share split, consolidation of shares, etc. of the shares of the Bank, the number of shares of the Bank per point shall be adjusted in accordance with the split ratio, consolidation ratio, etc.

* Points shall be determined in accordance with the level of achievement of targets for business profit on core banking operations and ROE for consolidated net income.

The maximum total number of points to be granted to Directors, etc. during the trust period of the Trust shall be 27,300 points per fiscal year, and the maximum total number of shares of the Bank to be acquired by the Trust for delivery, etc. to Directors, etc. during the Target Period shall be 81,900 shares. Historical share prices and other factors have been referred to when determining the maximum total number of the Bank Shares, etc. to be acquired by the Trust, based on the maximum amount of trust money in the above item (2).

(4) Timing and Method of Delivery, etc. of the Bank Shares, etc. to Directors, etc.

Directors, etc. who satisfy the beneficiary requirements shall receive delivery, etc. of a number of the Bank Shares, etc. equivalent to the Accumulated Number of Points calculated based on the above item (3) when they resign or retire. At this time, Directors, etc. shall receive delivery of shares of the Bank equivalent to 65% of the Accumulated Number of Points (shares less than one unit shall be rounded down), and shall receive payment of the cash conversion value of the number of shares equivalent to the remaining Accumulated Number of Points, after conversion within the Trust.

Furthermore, if a Director, etc. who satisfies the beneficiary requirements dies while he or she is in office, his or her heir shall receive payment of the cash conversion value of all shares of the Bank corresponding to the Accumulated Number of Points calculated based on the above item (3), after conversion within the Trust.

(5) Exercise of Voting Rights for Shares of the Bank in the Trust

In order to ensure neutrality toward management, voting rights for shares of the Bank in the Trust shall not be exercised during the trust period.

(6) Treatment at the End of the Trust

If there are shares remaining at the end of the Trust (or the end of the extended trust period, if the trust period is extended as described in the above item (2)), owing to the failure to achieve business performance targets or any other reason, the Bank intends to cancel these remaining shares after they are transferred from the Trust to the Bank without consideration, as a measure for shareholder returns. In addition, any dividends from shares of the Bank remaining in the Trust when the trust period expires will be utilized as funds for acquiring shares in the event that the Trust continues to be used, but if the Trust ends owing to the expiration of the trust period, they shall revert to the Bank within the scope of the reserve for trust expenses, and the Bank intends to donate any portion exceeding the reserve for trust expenses to a body with no special conflicts of interest with the Bank and Directors, etc.

(7) Other Details of the Plan

Other details of the Plan shall be determined by the Board of Directors when the Trust is established, when modifications are made to the trust agreement, and when additional contributions are made to the Trust.
